Reset your goals

Classical education does not help us when we want to advance in business or career. We use too little of what we learn on school benches at work or in business. And this often makes us confused and frustrated because we feel that there are things we miss. Courses in Sulsight help you reset your edu...

Why should you study and understand foresight?

The concept of foresight is to study the past and present based on Allah's ways in his universe, and on all new data, indicators and economic, technological, political, social, environmental and other information in order to establish a clear vision of what the world will be after 10, 20 years or m...
